

★ #1 CHOICE FOR TOTAL WELLNESS

ESPRO3000

FULL-BODY RED LIGHT PANEL

3000W · 600 LEDS · 6 WAVELENGTHS

Clinical-grade red & near-infrared light in one full-body panel — deep, even coverage for faster recovery, pain relief and total wellness.

600 x 5W DUAL-CHIP LEDS

3000 WATT

≥180 MW/CM²

RED + NIR

3-YEAR

MULTI-WAVELENGTH SPECTRUM

SIX WAVES, ONE PANEL.

A full spectrum of red and near-infrared light targets the skin, tissue and deep subcutaneous layers for comprehensive phototherapy.

630
NM RED

EPIDERMAL RED

Boosts collagen, tone and surface skin renewal.

660
NM RED

DERMAL RED

The primary dose — drives cellular energy & repair.

810
NM NIR

DEEP NEAR-INFRARED

Penetrates muscle and joints for recovery.

830
NM NIR

TISSUE REPAIR

Supports circulation and deep tissue healing.

850
NM NIR

DEEP RECOVERY

Reaches the deepest layers for whole-body benefit.

1060
NM NIR

MAXIMUM DEPTH

The furthest-reaching wavelength for deep penetration.

SCIENCE-BACKED BENEFITS

FOR TOTAL WELLNESS.

FASTER RECOVERY

Red & NIR light reduce muscle soreness and support faster recovery.

PAIN RELIEF

Helps relieve chronic pain, joint stiffness and inflammation.

CIRCULATION

Enhances blood flow, oxygen delivery and nutrient transport.

HEALTHY SKIN

Boosts collagen, improves tone and reduces signs of aging.

BETTER SLEEP

Supports melatonin production and improves sleep quality.

PEAK PERFORMANCE

Enhances ATP production, endurance and athletic performance.

FULL-BODY COVERAGE

“A full-body dose of red light — recovery, relief and renewal in ten minutes a day.”

ENGINEERED TO PERFORM

CORE FEATURES.

MULTI-WAVELENGTH COMBINATION

Full 630–1060nm spectrum targets epidermal, dermal and deep layers at once.

HIGH-POWER DUAL-CHIP 5W LEDs

High luminous efficiency and strong penetration for faster therapeutic results.

HIGH IRRADIANCE $\geq 180\text{MW}/\text{CM}^2$

Shortens treatment time and boosts overall therapy effectiveness.

60° UNIFORM BEAM ANGLE

Even light coverage over a large area with no partial overheating.

STURDY IRON CASING

Solid structure with reliable heat dissipation for long, stable operation.

SMART TOUCH & REMOTE CONTROL

Touch screen controls every wavelength — plus a handheld remote.

6 FANS · RELIABLE COOLING

THE PROFESSIONAL DIFFERENCE

WHY ESPro3000?

FEATURE	ESPro3000	TYPICAL
Total Power	3000W	$\leq 1500\text{W}$
Wavelengths	6	2–4
LED Chip	Dual 5W	Single 3W
Irradiance	≥ 180	~ 100
Control	Touch+Remote	Button
Warranty	3 Years	1 Year

WHAT'S IN THE BOX

1x **ESPro3000 FULL-BODY PANEL**

1x **REMOTE CONTROL**

1x **POWER CABLE**

1x **HARDWARE KIT — SCREWS & TOOLS**

1x **PROTECTIVE EYEWEAR**

1x **USER MANUAL**

3 YEAR WARRANTY

RECOVER · RELIEVE · RENEW

TECHNICAL SPECIFICATIONS

	TOTAL POWER	3000W
	LEDS	600 × 5W dual-chip, Red + NIR
	WAVELENGTHS	630 · 660 · 810 · 830 · 850 · 1060nm
	IRRADIANCE	$\geq 180\text{ mW}/\text{cm}^2$
	BEAM ANGLE	60°
	DIMENSIONS	1306 × 330 × 65 mm (51.4 × 12.9 × 2.5 in)
	NET WEIGHT	18.5 kg
	HOUSING	Iron · smart touch + remote
