SCIENCE-BACKED · RESULTS-DRIVEN ·
TRUSTED WORLDWIDE

ONE EXTRAORDINARY DEVICE

9 POWERFUL WAVELENGTHS.

The BK300 delivers the industry's most complete
spectrum for total-body wellness, recovery, and
skin health.

CERTIFIED UVB

295–311nm narrowband
for natural Vitamin D &
immune health.

1060NM DEEP NIR

Penetrates deeper for muscle,
joint & cellular recovery.

150 MW/CM²

Professional-level irradiance
for optimal results.

LARGER COVERAGE

Bigger panel, more LEDs,
faster sessions.

PREMIUM BUILD

Aerospace-grade aluminium
with active cooling.

SAFE & EFFECTIVE

ISO 13485 & IEC 60601
certified facility.

"More wavelengths. Deeper
penetration. Better results."

ONLY WITH BK300

TRANSFORM YOUR HEALTH

SCIENCE-BACKED BENEFITS.

DEEP TISSUE RECOVERY

1060nm Deep NIR and near-
infrared wavelengths
penetrate deep into muscles
and joints to reduce
inflammation, relieve pain,
and accelerate recovery.

SKIN REJUVENATION

630nm and 660nm red light
boost collagen production,
improve skin tone, reduce
fine lines, and promote a
healthy, youthful glow.

VITAMIN D SUPPORT

Certified UVB (295–311nm)
supports natural Vitamin D
synthesis and healthy
immune function — without
excessive sun exposure.

PERFORMANCE OPTIMIZATION

Full-spectrum light therapy
enhances cellular energy
(ATP), improves circulation,
and maximizes athletic
performance.

CELLULAR ENERGY &
ATP

CIRCULATION & OXYGEN

HEALTHY INFLAMMATION

BETTER SLEEP &
RECOVERY

YOUR SUNSHINE VITAMIN

THE POWER OF UVB.

SUNSHINE, ALL YEAR ROUND
Safe UVB + Red & NIR — from home

Most adults don't get enough Vitamin D. Certified narrowband UVB (295–311nm) lets your body make its own — safely, indoors, all year round. Paired with Red, Deep Red and NIR, the BK300 delivers the essential wavelengths of natural sunlight.

- ☀️ **1,000+ IU Vitamin D** in as little as 30 seconds
- 🛡️ **Stronger immunity** — beat winter deficiency
- 😊 **More energy & better mood**, deeper sleep
- 💪 **Stronger bones & whole-body vitality**

HOW TO USE

FREQUENCY

Up to 5×/week for low Vitamin D; 2–3×/week to maintain.

SESSION

3–5 min light skin · 5–10 min medium · 10–15 min dark.

DISTANCE & EYES

Keep 16 in (40 cm); always wear the included UV glasses.

MORE TECHNOLOGY · MORE VALUE
